

Education Rocket Launch to be Webcast Live May 20 from Las Cruces, New Mexico

Source: [New Mexico Space Grant Consortium](#) Posted Thursday, May 19, 2011

The New Mexico Space Grant Consortium (NMSGC) has announced the Third Annual Education Launch will be available to view live online on Friday, May 20. This launch and the yearlong education plan to build experiments is sponsored by NASA through the Summer of Innovation Program.

Three high school experiments and one [community](#) college experiment are supported by the New Mexico Gross Receipts Tax revenue, dedicated to supporting spaceport related education. The UP [Aerospace](#) SL-5 rocket is scheduled to launch at 7 a.m. MDT.

Pre-launch and launch coverage can be viewed at www.KRQE.com starting at 6am MDT.
